

# Mobilize Your Client's Office...

with the premier

Mobile Office Solutions for

BlackBerry® & Symbian Devices

## You've provided your clients the *BEST* technology

They know the value that you add to the products you sell. Now you can free their workforce from the confines of the office and their desks by enabling them to experience the power of taking their office with them anywhere, anytime!

Quickoffice® Premier and eOffice™ allow users to **ACCESS, VIEW, EDIT** and **SHARE** Word, Excel, and PowerPoint® files from anywhere. **Take your clients Mobile with Quickoffice!**

## Value Added Reseller Program Details

Quickoffice now offers volume licensing for the eOffice productivity suite for BlackBerry and Quickoffice Premier for Symbian S60 devices to Business customers purchasing one hundred or more licenses. Take advantage of this opportunity to equip your clients with the tools they need to take their business to the next level!

### Save when you purchase bulk licenses!

Purchase as many licenses as you need for your clients. Sell licenses to fit your clients' needs. We provide you with unlock codes to distribute to your clients.

### Next Generation Mobile Office

Quickoffice facilitates true mobile management of all digital content, enabling users to **Access, View, Edit** and **Share** files anywhere.

### Quickoffice Premier

"Must-have if you plan on using your device as a business tool" - *Engadget Mobile*

### eOffice

The **Only** Mobile Office solution available for **All** BlackBerry® devices (5.0 OS and earlier)!

## About Quickoffice

Quickoffice is the worldwide volume and brand leader in providing office software for mobile phones. With sales in over 150 countries and deployment on 60M+ mobile devices and growing, the Quickoffice name is synonymous with the highest quality mobile office software available.

Quickoffice is recognized as a leader in Mobile App Distribution. Vision Mobile's 100 million club announces Quickoffice as the first mobile application to reach this elite level. The 100 million club is the watchlist of software companies whose products have been embedded on more than 100 million mobile (cellular) handsets.
